

The basic models:

Standard equipment:

- Integrated trolley
- 5 m power lead
- Cable reel
- Integrated hose drum (Kranzle 145 T)
- Spray gun with safety cut-out
- Dirtkiller lance with stainless steel pipe
- Spray lance (high and low pressure) with stainless steel pipe
- Steel fabric high-pressure hose
- Continuously adjustable pressure and quantity control
- Brass pump head
- Ceramic-coated pump plungers
- Dry-run safety
- Leakage return system
- Receptacle for spray gun with safety cut-out and spray lance
- Receptacle for Dirtkiller
- Detergent suction with filter, 0.8 m

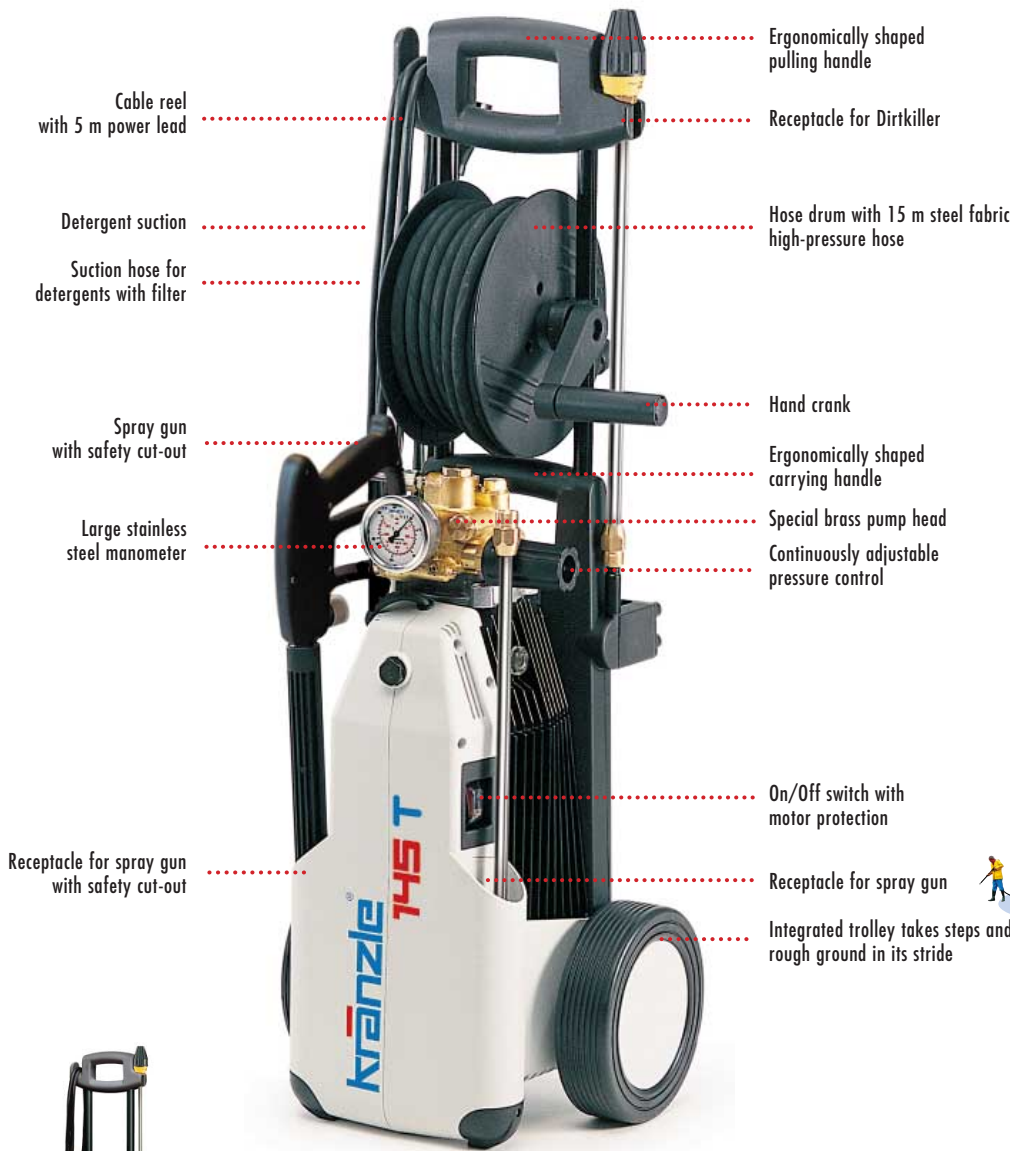

As a comparison:

High-pressure cleaner with 10 m high-pressure hose:
10 m activity radius with a working area of 314 m².

Kranzle high-pressure cleaner with 15 m high-pressure hose:
15 m activity radius with a working area of 706 m².

More than twice as much!

Receptacle for spray gun with safety cut-out

Cable reel with 5 m power lead

Detergent suction

Suction hose for detergents with filter

Spray gun with safety cut-out

Large stainless steel manometer

Ergonomically shaped pulling handle

Receptacle for Dirtkiller

Hose drum with 15 m steel fabric high-pressure hose

Hand crank

Ergonomically shaped carrying handle

Special brass pump head

Continuously adjustable pressure control

On/Off switch with motor protection

Receptacle for spray gun

Integrated trolley takes steps and rough ground in its stride

The rentable cleaner K 135 R:

- protected against lack of water
- protected against undervoltage
